RECEIVER'S MOTION FOR AUTHORIZATION TO SELL 2266 DARLING HILL ROAD, LYNDON, VERMONT AND SUPPORTING MEMORANDUM OF LAW

Michael I. Goldberg, the court-appointed Receiver (the "Receiver"), by counsel, hereby files this Motion for Authorization to Sell 2266 Darling Hill Road, Lyndon, Vermont (the "Motion"). In support of this Motion, the Receiver states as follows:

Preliminary Statement

The Receiver seeks authorization to enter into a contract to sell the real property located at 2266 Darling Hill Road, Lyndon, Vermont (the "Darling Hill Property").³ The Darling Hill Property was previously owned by Defendant Ariel Quiros ("Quiros") and was deeded to the Receiver as part of the Final Judgment obtained by the Securities and Exchange Commission ("SEC") and entered by this Court against Quiros. *See* ECF No. 450, as amended by ECF No. 474. The SEC's Final Judgment required Quiros to disgorge more than \$81 million in real property and other assets.

The Receiver has maintained the Darling Hill Property and marketed it for sale. Now, the Receiver seeks to sell the Darling Hill Property by private sale for \$1,050,000 to the Kingdom Trails Association, a nonprofit organization that builds, manages, and maintains bike trails in and around Burke Mountain. The Receiver believes the sale is consistent with the market rate for properties in vicinity of similar size and condition and is in the best interest of the receivership estate. The sale will relieve the Receiver of the carrying costs needed to maintain the Darling Hill Property and the proceeds of the sale will benefit the investors and other creditors. Therefore, the Receiver seeks authorization from this Court to sell the Darling Hill Property on the terms as set forth herein and in the attached contract.

 $^{^3}$ In prior court filings, the Darling Hill Property has been referred to as Heavens Beach.

Background

- 1. Michael Goldberg is the court-appointed receiver over the Receivership Defendants⁴ the Relief Defendants,⁵ and Additional Receivership Defendants⁶ pursuant to the Order Granting Plaintiff Securities and Exchange Commission's Motion for Appointment of Receiver (the "Receivership Order"), dated April 13, 2016 [ECF No. 13] and the subsequent Orders expanding the receivership. *See* [ECF Nos. 60 and 493].
- 2. The Receiver is authorized, empowered and directed to, among other things, take immediate possession of all real and personal property of the Receivership Defendants and Relief Defendants, and to administer such assets as is required in order to comply with the directions contained in the Receivership Order, and to hold all other assets pending further order of the Court. *See* Receivership Order at ¶1.
- 3. The Receivership Order also provides that title to all property, real or personal, of the Receivership Defendants and Relief Defendants and their principals, wherever located, is vested by operation of law in the Receiver. *Id.* at ¶17.
- 4. On April 13, 2016, the same date as the Receiver's appointment, the Court entered an Order granting the SEC's Motion for Temporary Restraining Order, Asset Freeze and Other Emergency Relief [ECF No. 11]. The Court, after extensive litigation by the SEC, subsequently

⁴ The "Receivership Defendants" are Jay Peak, Inc., Q Resorts, Inc., Jay Peak Hotel Suites L.P., Jay Peak Hotel Suites Phase II L.P., Jay Peak Management, Inc., Jay Peak Penthouse Suites L.P., Jay Peak GP Services, Inc., Jay Peak GP Services Golf, Inc., Jay Peak Lodge and Townhouse L.P., Jay Peak GP Services Lodge, Inc., Jay Peak Hotel Suites Stateside L.P., Jay Peak Services Stateside, Inc., Jay Peak Biomedical Research Park L.P., and AnC Bio Vermont GP Services, LLC.

⁵ The "Relief Defendants" are Jay Construction Management, Inc., GSI of Dade County, Inc., North East Contract Services, Inc., and Q Burke Mountain Resort, LLC.

⁶ Q Burke Mountain Resort, Hotel and Conference Center, L.P., Q Burke Mountain Resort GP Services, LLC and AnC BIO VT, LLC were added as "Additional Receivership Defendants". The Receivership Defendants, Relief Defendants, and Additional Receivership Defendants are collectively referred to as the "Receivership Entities."

entered a Preliminary Injunction [ECF No. 238] and a Judgment of Permanent Injunction against Quiros [ECF No. 398], pursuant to which Quiros was ordered to pay disgorgement, prejudgment interest on disgorgement and a civil penalty in amounts to be determined at a future date.

5. On February 2, 2018, the Court entered the SEC's requested Final Judgment against Quiros [ECF No. 450, as amended by ECF No. 474] which in relevant part, provides that Quiros shall satisfy his obligations by disgorging certain assets to the Receiver, including the Darling Hill Property.

The Darling Hill Property

- 6. Quiros and his wife originally obtained the Darling Hill Property by a Warranty Deed dated June 11, 2014. Quiros and his wife conveyed the Darling Hill Property to their related entity AOQ, LLC by a Quitclaim Deed dated October 31, 2014. The Darling Hill Property was then conveyed by AOQ, LLC to the Receiver by a Warranty Deed dated March 6, 2019.
- 7. The Darling Hill Property consists of a 5-bedroom colonial style house built in 1998 on a 10.29-acre lot and an adjoining 240-acre parcel of land. The house was in poor condition and needed extensive repairs. The Receivership Estate incurred approximately \$102,000 in expenses relating to the Darling Hill Property, including annual insurance premiums, \$20,000 in repairs to the heating and pipes, \$5,000 in repairs to the driveway, monthly expenses in the winter relating to heating oil and monthly expenses in the summer relating to landscaping and lawn care. This sum also includes real property taxes of approximately \$15,000 each year.
- 8. The Receiver entered into a listing agreement with Century 21 Farm and Forest Realty (the "Broker") to sell the house at an original price of \$749,000.00. The price point was subsequently reduced to \$699,000.00. The listing garnered interest including an offer for purchase. The Receiver, however, did not sell at that time.

51898202;2

- 9. Thereafter, the Receiver and the Broker extended the listing agreement. In connection with the extension, and to make the listing more attractive, the Receiver and Broker modified the listing by offering the entirety of the Darling Hill Property for sale (including the 240-acre parcel) and increasing the purchase price to \$1,050,000.00.
- 10. Following the modifications to the listing, and negotiations on the terms of sale, the Receiver received an offer and entered into a Purchase and Sale Contract, as amended (the "Contract") with Kingdom Trail Association, Inc., represented by Abigail Long as Director ("Kingdom" or the "Buyer"), for the sale of the Darling Hill Property for \$1,050,000, subject to Court approval. A copy of the Contract is attached as **Exhibit "A"**.
- 11. Kingdom oversees a network of biking trails in and around Burke, Vermont. Hundreds of thousands of people flock to Burke each year to utilize Kingdom's trail network and the Burke Mountain Hotel benefits by this increase in tourism in the Burke area. The Receiver believes that selling the Darling Hill Property to Kingdom will further benefit the Burke Mountain Hotel by bringing biking trails even closer to the Burke Mountain Hotel.
- 12. Earlier this month, Record Appraisal Service (the "Appraiser") conducted an appraisal of the Darling Hill Property and opined that the value of the Darling Hill Property is \$1,100,000. The Appraiser also assessed sale price to the recent sale of three comparable properties, which sold for \$1,171,200, \$941,900 and \$1,116,700. A copy of the Appraiser's Report is attached hereto as **Exhibit "B"**.
- 13. Based on the appraisal and the recent sales, the Receiver believes the sale price is fair and reasonable. Moreover, the sale brings to a close the approximately \$102,000 in costs to the receivership estate for maintaining the Darling Hill Property.

Memorandum of Law

The district court has broad powers and wide discretion to determine relief in an equity receivership. *SEC v. Elliott*, 953 F.2d 1560, 1566 (11th Cir. 1992). It is well-established that courts have power to authorize Receivers to pledge the assets of the trust estate. *See generally Wallace v. Loomis*, 97 U.S. 146, 162 (1877); 16 Fletcher Cyc. Corp. § 7816 (noting that "the power to authorize a receiver to borrow money carries with it the power to authorize the receiver to pledge the assets of the trust estate as collateral for the loan"). The Court should exercise its power and authorize the Receiver to sell the Darling Property.

Federal statutes provide procedures for the sale of realty under any order or decree of any court of the United States. *See* 28 U.S.C. § 2001. Generally, realty shall be sold at public sale within the district where the receiver was first appointed. 28 U.S.C. § 2001(a). However, after notice and hearing, a court may order the sale of realty at a private sale upon terms and conditions approved by the court, if the court finds that the best interests of the estate will be conserved thereby. 28 U.S.C. § 2001(b). *See also Tanzer v. Huffiness*, 412 F.2d 221, 222 (3rd Cir. 1969). Here, the Receiver seeks to sell the Darling Hill Property by private sale.

Typically, before confirmation of a private sale, the court shall appoint three disinterested persons to appraise the property to ensure that no private sale shall be confirmed at a price less than two-thirds of the appraised value. 28 U.S.C. § 2001(b). The Receiver does not believe it is necessary for the Court to appoint multiple disinterested persons to appraise the Darling Hill Property in this instance. The Appraisal provides a description of the recent sales. The sale price falls with the range of other similarly-situated properties in or near Burke, Vermont. Moreover, the Darling Hill Property has been exposed to the marketplace for an extended period of time by virtue of the multiple listings, providing evidence of the actual value of the property based on the

response of real-world buyers. *See Bank of America Nat. Trust and Sav. Ass'n v. 203 North LaSalle Street Partnership*, 526 U.S. 434, 457 (1999) (recognizing that "the best way to determine value is exposure to a market").

The Buyer is an independent party. The Contract was entered into as an arm's length transaction, and the Buyer has already partially performed the Contract by paying the required deposit. The Court should exercise its authority to dispense with the procedural requirements set forth in 28 U.S.C. § 2001(a) and authorize the private sale. *See, e.g., SEC v. Utsick, et al.*, No. 1:06-cv-20975-PCH, ECF 616 (S.D. Fla. Jan. 4, 2010); *SEC v. Estate of Kenneth Wayne McLeod, et al.*, 1:10-cv-22078-FAM, ECF 62 (S.D. Fla. Feb. 4, 2011) (allowing waiver of formal appraisals for sale of condominiums); *see generally Tanzer v. Huffines*, 412 F.2d 221, 222-23 (3rd Cir. 1969) (upholding sale of property by receiver approved by District Court even though all procedures under 28 U.S.C. 2001 and 2004 were not strictly followed).

The primary goal of a receivership is to provide a conduit through which assets can be held, liquidated and distributed to the particular beneficiaries of the receivership, in this case the investors. *SEC v. Wencke (Wencke II)*, 783 F.2d 829, 837 n. 9 (9th Cir. 1986). Allowing the Receiver to liquidate the property through the proposed private sale will most expeditiously further the goals of the receivership. The sale will result in additional cash being deposited into the Receiver's account, which is maintained for the purpose of ultimately satisfying claims filed by the investors and creditors. Moreover, the sale will reduce any additional costs to the receivership associated with maintaining the Darling Hill Property. Based on the foregoing, the Receiver respectfully requests the authority to sell the Darling Hill Property under the terms set forth herein.

WHEREFORE, the Receiver respectfully requests the Court to enter an Order in the form attached as **Exhibit "C"**, approving the relief requested in this Motion and to grant such further relief as is just and proper.

LOCAL RULE 7.1 CERTIFICATION OF COUNSEL

Pursuant to Local Rule 7.1(a)(3), undersigned counsel hereby certifies that counsel for the Receiver has conferred with counsel for the Securities and Exchange Commission, who has no objection to the Motion.

- 18. Income Tax Withholding Requirements if Seller is a Nonresident of Vermont and/or Subject to Tax Under the U.S. Foreign Investment in Real Property Tax Act: If Seller is a nonresident of Vermont, unless a withholding certificate is issued by the Vermont Commissioner of Taxes in advance of the closing, Purchaser shall withhold 2.5 percent of the total purchase price and file a withholding tax return with the Vermont Department of Taxes. In addition, if the sale of the Property subjects Seller to the payment of federal tax under the Foreign Investment in Real Property Tax Act (FIRPTA), unless a withholding certificate is issued by the Internal Revenue Service, Purchaser shall withhold 15 percent of the total purchase price (35% for foreign corporations) and file a withholding tax return with the Internal Revenue Service. If Purchaser falls to withhold such taxes when required to do so, Purchaser may be liable to the respective taxing authorities for the amount of such tax. Purchaser shall have the right to reasonably request evidence

that Seller is exempt from payment of either tax in the form of a certificate of residence or non-foreign status. In the event Purchaser is determined to be liable for the payment of either tax, Seller shall indemnify and hold Purchaser harmless from all such liability together with any interest, penalties and reasonable expenses, including attorney's fees, incurred by Purchaser.

- 19. Purchaser's Examination of Title: Purchaser, at his or her sole cost and expense, shall cause the title to the Property to be examined and shall notify Seller in writing, prior to the date set for Closing, of the existence of any encumbrances or defects which are not excepted in this Contract which render title unmarketable as defined by Vermont law. In such event, Seller shall have thirty (30) calendar days from the time Seller receives such notice to remove the specified encumbrances or defects. Promptly following receipt of such notice, Seller shall exercise reasonable efforts and diligence to remove or cure the specified encumbrances or defects. If, at the expiration of thirty (30) calendar days from the receipt of such notice, or on the date set
 - for Closing, whichever is later, Seller is unable to convey marketable title free and clear of such encumbrances or defects, Purchaser may terminate this Contract, and, if so, shall receive all Contract Deposits and, in addition, may pursue all legal and equitable remedies provided by law, including any damages incurred after the thirty (30) day period referred to above.
- 20. Default: If Purchaser fails to close as provided herein, or is otherwise in default, Seller may terminate this Contract by written notice as provided in Section 29 and claim all Contract Deposit(s) as liquidated damages, or may elect to pursue all legal and equitable remedies provided by law. In the event of Purchaser's default, Seller's damages may be difficult to initially evaluate due to future events that cannot be predicted. The Contract Deposit(s) is agreed to be a reasonable estimate of at least some of Seller's damages resulting from Purchaser's default. Seller's right to claim the Contract Deposit(s) is not intended to be a penalty for Purchaser's default not an incentive for Purchaser to perform its obligations under this Contract. If Seller fails to close, or is otherwise in default, Purchaser may terminate this Contract by written notice as provided in Section 29 and claim all Contract Deposit(s) as liquidated damages or subject to the provisions of Section 19 relating to the thirty (30) calendar day cure period for title encumbrances or defects, elect to pursue all legal and equitable remedies provided by law. In the event legal action is instituted arising out of a breach of this Contract, for payment or return of the Contract Deposit(s) or to obtain any available legal or equitably remedy, the substantially prevailing party shall be entitled to reasonable attorney's fees and court costs.
- 21. Contract Deposits: At Closing and transfer of title, Escrow Agent shall disburse all Contract Deposits. In the event Purchaser terminates this Contract under the specific provisions hereof entitling Purchaser to terminate, upon written demand, Escrow Agent shall refund all Contract Deposits to Purchaser in accordance with laws and regulations applicable to Escrow Agent. In the event either Seller or Purchaser does not perform and falls to close on the terms specified herein, this shall constitute a default. In the event of a default undisputed by Soller and Purchaser, upon written demand, Bscrow Agent shall pay all Contract Deposits to the non-defaulting party in accordance with laws and regulations applicable to Escrow Agent, In such case, Seller and Purchaser agree to execute and deliver to Escrow Agent an Authorization for Delivery of All Contract Deposits to the party entitled to such Deposits. In the event Seller or Purchaser provides written notice to the other party of a claimed default and demands delivery of all Contract Deposits on account of such claimed default, if the party to whom such notice is sent disagrees, that party shall provide notice to the party demanding all Contract Deposits and to the Escrow Agent named in Section 3 of this Contract that it demands to mediate the dispute under Section 23 of this Contract. If such demand to mediate is not sent within twenty-one (21) calendar days from the date written notice of a claimed default was sent, the failure to send such demand to mediate shall constitute authorization and permission under this Contract for Escrew Agent to pay all Contract Deposits to the party claiming default and demanding the Contract Deposits without further notice, documentation or authorization from either Seller or Purchaser. Payment of all Contract Deposits by the Escrow Agent under such circumstances shall constitute the final resolution and disposition of all Contract Deposits. Seller and Purchaser acknowledge and agree that resolution of all Contract Deposits in this manner fully and completely satisfies all laws, regulations and obligations applicable to Escrow Agent and agree to release, discharge, hold harmless and indomnify Escrow Agent acting in good faith pursuant to this section. In the event mediation is demanded and the dispute over all Contract Deposits is resolved by mediation, Seller and Purchaser agree to instruct Escrow Agent, in writing, as to the disposition and payment of all Contract Deposits. In the event the dispute over all Contract Deposits is not resolved by mediation, Escrow Agent shall continue to hold all Contract Deposits in escrow or may, at any time, pay all Contract Deposits into court for the purpose of determining the rights of the parties to all Contract Deposits. All costs and expenses of any such action, including attorney's fees incurred by Escrow Agent, shall be borne jointly and severally by Seller and Purchaser irrespective of the amount of all Contract Deposits and irrespective of which party ultimately prevails in the dispute. In the event of a dispute concerning default or payment of all Contract Deposits by Escrow Agent, Escrow Agent shall not be personally liable to either party except for bad faith or gross neglect. In the event a claim other than for bad faith or gross neglect is asserted against Escrow Agent, the parties shall jointly and severally indemnify and hold Escrow Agent harmless from all loss or expense of any nature, including attorney's fees, arising out of the holding of all Contract Deposits irrespective of the amount of all Contract Deposits.
- 22. Terms and Conditions of Escrow Agent Holding Contract Deposits: Seller and Purchaser colcnowledge that Vermont law provides that real estate brokers shall place any Contract Deposits held by them that are reasonably expected to earn less than One Hundred Dollars (\$100.00) in interest in a pooled interest-bearing trust account or escrow (IORTA) account. Interest accrued on such Contract Deposits is remitted to the Vermont Housing Finance Agency (VHFA) to be used in the Agency's single family home mortgage programs. Seller and Purchaser further acknowledge that Vermont law also provides that real estate brokers shall place any Contract Deposits held by them that are reasonably expected to earn interest more than One Hundred Dollars (\$100.00) in interest in an individual interest-bearing account. Acknowledging the above advisements, for the convenience of the transaction, Seller and Purchaser agree that unless otherwise agreed in writing, all Contract Deposits held by Escrow Agent shall nonetheless be placed in a pooled interest-bearing IORTA account and the interest accound thereon shall be remitted to VHFA even if the interest thereon is expected to earn more than One Hundred Dollars (\$100.00).

- 23. Mediation of Disputes: In the event of any dispute or claim arising out of or relating to this Contract, to the Property, or to the services provided to Seller or Purchaser by any real estate agent who brought about this Contract, it is agreed that such dispute or claim shall be submitted to mediation prior to the initiation of any lawsuit. The party seeking to mediate such dispute or claim shall provide notice to the other party and/or to the real estate agent(s) with whom mediation is sought shall reasonably cooperate and agree on the selection of a mediator. A party or real estate broker not involved in the dispute or claim shall not be required to participate in the mediation. The real estate agent(s) who brought about this Contract can be of assistance in providing information as to sources for obtaining the services of a mediator. Unless otherwise agreed to in writing, the parties and any real estate agent(s) involved in the mediation shall share the mediator's fee equally. Seller, Purchaser and the real estate agent(s) who brought about this Contract acknowledge and understand that, although utilizing mediation in an effort to resolve any dispute or claim is mandatory under this Contract, the function of the mediator is to assist the parties involved in the mediation in resolving such dispute or claim and not to make a binding determination or decision concerning the dispute or claim. This provision shall be in addition to, and not in replacement of, any mediation or alternative dispute resolution system required by an order or rule of court in the event the dispute results in a lawsuit. In the event a lawsuit is initiated without first resorting to mediation as required by this Section, any party or real estate agent named in Section 31 of this Contract shall be entitled to reimbursement of the reasonable cost of attorney's fees or other expenses arising out of such lawsuit until the mediation required by this Section occurs.
- 24. Fixtures and Personal Property: Insofar as any of the following items are now located on and belong to the Property, they shall be deemed to be fixtures and are included in this sale; heating, lighting and plumbing fixtures; storm windows and doors; screens and screen doors; curtain rods, window shades and blinds; shrubbery and trees; wall-to-wall carpeting, television antennae and satellite dish. NO PERSONAL PROPERTY, INCLUDING TELEVISION(S) AND TELEVISION MOUNTING BRACKET(S), IS INCLUDED IN THIS SALE UNLESS EXPRESSLY IDENTIFIED AND DESCRIBED IN THIS CONTRACT OR IN ANY SCHEDULE ATTACHED HERETO. Any personal property transferred under this Contract is sold "As Is" with no warranties of any kind, express or implied, other than the warranty of title.
- 25. Risk of Loss/Insurance: During the period between the date of this Contract and the transfer of title, risk of loss shall be on Soller. Seller shall continue to carry such fire and extended coverage insurance as is presently maintained on the buildings and improvements located on the Property. In the event any of the buildings or improvements are destroyed or damaged and are not restored to their present condition by the date set for closing, Purchaser may either accept title to the Property and receive the benefit of all insurance monies recovered on account of such damage or may terminate this Contract and be entitled to the return of all Contract Deposits as Purchaser's sole remedy.

26. Closing Adjustments:

- A. Real property taxes, municipal taxes, fees and assessments, condominium assessments, rents, utilities or similar items shall be apportioned and prorated at Closing between Seller and Purchaser. Seller shall be responsible for closing adjustments and expenses until the day before Closing. Purchaser shall be responsible for closing adjustments and expenses on and after the day of Closing.
- B. Should any tax, charge, rate or assessment be undetermined on the date of Closing, the last determined tax, charge, rate or assessment shall be used for purposes of apportionment and proration.
- C. Any payment under the Vermont Statewide Education Property Tax which reduces the real estate property tax on the Property, either for the current tax year or thereafter, shall be allocated and paid to Seller at Closing unless the Seller and Purchaser otherwise agree in writing.
- It is understood and agreed that the amount of any such payment is the property of the Seller and shall not be applied to the apportionment and proration of taxes. Purchaser is advised that the payment to be made to Seller at Closing on account of any applicable Statewide Education Property Tax may require Purchaser to have available funds at Closing that might significantly exceed funds for closing adjustments that would otherwise be required.
- D. Purchaser shall reimburse Seller at Closing for fuel at the Property at the current rate charged by the Seller's fuel supplier at the time of Closing, with the exception of propane which shall be handled outside of Closing by Seller and Purchaser as set forth in Title 9 V.S.A. WITNESSETH:

In the event of any conflict between the provisions of the Contract and the provisions of this Rider, this Rider shall control.
- 3. <u>Replacement Rider</u>. The Rider to Purchase and Sale Contract executed by Kingdom Trail Association, Inc., dated October 3, 2019 is deleted in its entirety and replaced with Rider to Purchase and Sale Contract.
- 4. <u>Effective Date</u>. Notwithstanding anything to the contrary contained in the Contract, Section 30 of the Contract is hereby deleted. The Contract Date for all purposes in the Contract is the date of both parties' execution and delivery of this Rider, which date shall be filled-in in the preamble to this Rider.
- 5. <u>Payment of Purchase Price</u>. Notwithstanding anything to the contrary contained in the Contract, the payment of the purchase price, after adjustments are made, shall be paid to Seller only by wire transfer.

- (a) in the fifth line, after "defects" insert "; provided, however, that Seller shall not be required to expend, or become obligated to expend, any money except in connection with satisfying liens."
- Brokers. In Section 31 of the Contract, add the following at the end: "Purchaser and Seller hereby represent each to the other that they have not engaged any real estate brokers or agents other than the broker(s) expressly identified in Section 29, so as to create any legal right or claim in any such broker, agent, or salesman for a real estate brokerage commission or compensation with respect to the negotiation or consummation of the Contract or the conveyance of the Property by Seller to Purchaser. Purchaser and Seller hereby indemnify each other against, and agree to hold and save each other harmless from, any claims (or expenses related thereto, including, but not limited to, expenses for reasonable attorneys' fees incurred in defending any such claims or enforcing this indemnity) for any other real estate brokerage commissions or similar fees arising out of or in any way connected

with any claimed agency relationship with the indemnitor and relating to the subject matter of the Contract. This section shall survive the closing or any termination of the Contract."

- 9. Assignability. Purchaser may not assign the Contract without Seller's prior written consent, which may be withheld in Seller's sole discretion; provided, however, that the Contract and Purchaser's rights hereunder at Closing may be transferred and assigned without Seller's consent to any entity that directly or indirectly, through one or more intermediaries, is controlled by Purchaser.
- 10. As Is. Purchaser represents and warrants to Seller that except as may be otherwise expressly set forth in the Contract, Seller has not made any warranties or representations concerning the Property or any portion thereof. Purchaser acknowledges and agrees that the Property is being transferred "as is" and Seller has not made, does not make, and specifically negates and disclaims any representations, warranties, promises, covenants, agreements, or guaranties of any kind or character whatsoever, whether express or implied, oral or written, past, present, or future, of, as to, concerning, or with respect to (a) the value, nature, quality, or condition of the Property, including, without limitation, the water, soil, and geology, (b) the income to be derived from the Property, (c) the suitability of the Property for any and all activities and uses which Purchaser may conduct thereon, (d) the compliance of or by the Property or its operation with any laws, rules, ordinances, or regulations of any applicable governmental authority or body, including, but not limited to, compliance with any special use permits, (e) the habitability, merchantability, marketability, profitability, or fitness for a particular purpose of the Property, (f) the manner or quality of the construction or materials incorporated into the Property, (g) the manner, quality, state of repair, or lack of repair of the Property, (h) the existence of hazardous materials at the Property, (i) the existence, quality, nature, adequacy, or physical condition of any utilities serving the Property, (j) the development potential of all or any part of the Property, or (k) any other matter with respect to the Property.
- 11. <u>Closing Contingencies</u>. Notwithstanding anything to the contrary contained in the Contract or in this Rider, Seller's obligations under the Contract are contingent upon the approval of the court in the Jay Peak, Inc. receivership proceedings pending in the United States District Court for the Southern District of Florida and Seller's receipt of the Vermont Land Gains Tax Certificate of Commissioner (the "Closing Contingencies").
- 12. <u>Closing Date</u>, Section 5 of the Contract is amended as follows: The Closing Date shall be fifteen (15) business days after satisfaction of the Closing Contingencies set forth in Article 11 above and in Addendum A to the Purchase and Sale Contract.
- 13. Counterparts; Facsimile or E-Mail Signature. Uniform Residential Appraisal Report

File # RA19733

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; Including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended user, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Subject Profile

Site

No adverse environmental conditions, adverse easements or encroachments noted or disclosed. Should the property be destroyed it may be rebuilt 100% per the local zoning ordinances.

Improvements:

Homes of this size, design and quality are common in the area. Kitchen appliances are personal property and are not included in the value opinion.

Sales Comparison Approach

As the area is rural with few available comparables it is typically necessary to exceed industry standards for relative adjustments, distance & GLA difference and to use comparables that sold more than six months prior to the appraisal or are from other towns in the market area. No adjustments for unfinished basement square footage, however an adjustment is made for homes with a crawl or slab foundation.

All adjustments are common and typical within the residential real estate market and are applied to acknowledge various differences. The differences are adjusted per paired sales analysis, data from the Marshall & Swift Residential Cost Handbook, and the appraiser's opinion based on experience in the market area. All adjustments except concessions are rounded to the nearest \$100. No adjustments for GLA differences less than 100 sf.

No age adjustments are made because the neighborhood has homes of widely differing ages which have received varying updates so age is an unreliable indicator of condition. Condition and construction adjustments are made as needed based on available data regarding the comparables and on the appraiser's knowledge.

It is common appraisal practice in the area to use comparable properties that differ in style from the subject and from each other. This is because neighborhoods in the area are typically heterogeneous and buyers are generally looking for a home that satisfies their lifestyle needs rather than one that has a particular architectural style.

The reader is cautioned that the availability of data regarding comparable sales concessions is limited because it is not publicly recorded and agents involved in the transactions often do not provide it due to confidentiality agreements.

Some of the comparable photos used in this report may be from our files or from other reliable database sources that best represent the dwelling at or near the time of sale or listing. Due to the rural nature of the overall market area and the significant driving times typically involved, it is often not practically feasible to include photos of the comparables taken at the time of the appraisal.

Note regarding UAD compliant data: UAD requires basement square-footage to be entered for the comparable properties, however this data is often not available from NNEREN or public records, so it is often necessary to use estimated values.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered "new" if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The Improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the Improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions

01

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

02

Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source; Fannie Mae UAD Appendix D; UAD Field-Specific Standardization Requirements)

Quality Ratings and Definitions (continued)

Nα

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

04

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and Interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

05

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes. Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:

3.2 Indicates three full baths and two half baths.

Funds Transfer Agreement ("Agreement")

This Agreement is made between you ("Originator") and First Republic Bank ("Bank"). By requesting Bank to execute funds transfer, Originator hereby agrees to the following terms and conditions:

- 1. The Bank will exercise reasonable efforts to execute all funds transfer on the Business Day received, when received prior to Bank's daily deadline which Bank may establish from time to time. "Business Day" means that part of a day during which the Bank is open for the receipt and processing of funds transfer. Saturdays, Sundays, and bank holidays are not considered Business Days. Originator agrees that the Bank may handle funds transfer received from Originator and other customers in any order selected by Bank, and that Bank may use any means or routes which Bank, in its sole discretion, considers suitable for the transfer of funds. The Bank shall be under no obligation to make any transfer unless Originator has on deposit with the Bank in one or more accounts available funds sufficient to cover such transfer, or Originator presents sufficient immediate available funds in person and deposit to the account(s) at the time of making the funds transfer request and authorization. However, the Bank may, in its sole discretion execute a funds transfer which causes an overdraft in Originator's account in which case Originator shall be liable for the overdraft and any overdraft fees and interest thereon as set forth in the Account Disclosure which governs Originator's account.
- 2. For funds transfer made out of the account(s) with the Bank, the Bank will mail an advice to you at the address indicated in the Bank's records. The advice will note the date and the amount of the transfer. Originator agrees to examine the advice promptly upon receipt and to notify the Bank immediately of any discrepancy between the advice and the Originator's records. The Bank shall not be liable for interest compensation, as set forth below, unless the Bank is notified of the discrepancy within 30 days from the date of the Originator's receipt of the confirmation or the Originator's bank statement including the debit for the funds transfer in question, whichever is earlier.
- 3. Originator agrees to pay all fees as determined by the Bank's fee schedules for funds transfer, which may change from time to time. Originator further agrees to reimburse the Bank for any actual expenses the Bank may incur to effect or revoke any funds transfer or perform any related act at the Originator's request.
- Originator expressly agrees that the Bank shall be liable to the Originator only for the Bank's negligent performance or non-performance of the services provided pursuit to the Agreement, and that the Bank's responsibility hereunder shall be limited to the exercise of reasonable and ordinary care. The Bank shall not be liable for any error or delay on the part of any third party, including without limitation third parties used by the Bank, in executing any funds transfer or performing a related act, or for any error or delay in executing a funds transfer or performing a related act due to any cause other than the Bank's own failure to exercise reasonable and ordinary care, and no such third party shall be deemed to be the Bank's agent, Further, the Bank shall not be liable to the Originator or any third party for failure to execute any funds transfer or perform a related act if such failure is due to causes or conditions beyond the Bank's reasonable control, including, without limitation, strikes, riots, insurrection, war, military, or national emergencies, acts of God, natural disasters, fire, outage of computers or associated equipment, or failure of transportation or communication methods or power supplies. In no event shall the Bank be liable for special, indirect or consequential damages, including, without limitation, loss or damage from subsequent wrongful dishonor or resulting from the Bank's acts or omissions, except as may be otherwise provided by law. Bank shall not be liable for Originator's attorney fees except as required by law. The Bank's liability shall, in the event of delay or failure to transfer be limited to the interest on the amount which was to be transferred or the amount which was delayed, whichever is applicable, from business day of receipt of the funds transfer until the Bank executed the funds transfer, The Bank's liability shall, in the event of a transfer of an erroneous amount, be limited to a refund of the amount transferred in error, plus interest thereon from the date of the transfer until the date of the refund, but not to exceed sixty days. Except as may be limited by applicable law, Originator agrees to indemnify the Bank and hold the Bank harmless (including payment of reasonable attorney's fees) against all liability to third parties arising out of, or in connection with, the terms and conditions of this Agreement or the services provided hereunder or otherwise to the Originator's instructions.
- 5. This Agreement shall be governed by and construed and enforced in accordance with the internal laws of the state or commonwealth where the Bank's main office is located, and applicable federal law.
- 6. Originator acknowledges and agrees that if a funds transfer describes a beneficiary inconsistently by name and account number, payment might be made by the beneficiary's bank on the basis of the account number, even if it identifies a person different from the named beneficiary, and that Originator's obligation to pay the funds transfer requested by the Originator to the Bank shall not be excused by such payment.
- 7. Bank may at its option accept Originator's cancellations or amendments to a funds transfer. Originator acknowledges that if the Bank attempts to cancel or amend the reversal request or amendment must be agreed to by each financial institution which has accepted a funds transfer related to the funds transfer at issue before it will be acted upon. Originator further agrees that the Bank shall have no liability if a cancellation or amendment is not effected. Originator agrees that Originator shall indemnify and hold the Bank and officers, directors, employees, and representatives harmless from and against any and all claims, demands, losses, liabilities and expenses, including attorney's fees and costs, resulting directly or indirectly from compliance with Originator's cancellation or amendment request.
- 8. In the event that the Bank shall be liable to Originator for interest compensation hereunder or under applicable law, interest shall be calculated on the basis of the average Federal Funds rate at the Federal Reserve Bank of San Francisco for each day of the period involved computed on the basis of a 365-day year and shall be remitted by direct payment to Originator or other payment mutually agreed upon by Originator and Bank.
- 9. The Bank hereby gives notice that funds transfer may be executed through Fedwire, a funds transfer system operated by the Federal Reserve Bank, through a correspondent selected by the Bank. With respect to funds transfers which are executed through Fedwire, Federal Reserve Regulation J and all applicable operating circulars shall govern the funds transfers. With respect to funds transfer executed through the Bank's correspondent who may use CHIPS (Clearing House Interbank Payments System), a funds transfer system operated by the New York Clearing House or SWIFT (Society for Worldwide Interbank Financial Telecommunication), the CHIPS Operating Rules or the SWIFT Operating Rules shall govern the funds transfer.
- 10. If U.S. Dollars are to be paid outside of the United States, a correspondent (intermediate) bank that accepts U.S. Dollars on behalf of the beneficiary bank listed must be provided. If a correspondent bank is not provided, First Republic Bank holds the right, without liability, to cover the funds and to pay the U.S. Dollar equivalent in local currency.
- 11. If a funds transfer is to a foreign country, and if for any reason the credit covered by the foreign remittance herein is returned or re- credited to Bank, Originator agrees to accept a refund in the equivalence of United States Dollars for the amount of the foreign money credited based on the current buying rate on the date of the refund less any charges and expenses of Bank or Bank's agent.
- 12. The Bank will use best efforts to provide oral, written or electronic notice to Originator of rejection of a funds transfer on the execution date of the funds transfer provided, however the Bank shall not be liable to Originator for its failure to give such notice.
- 13. Originator acknowledges that any Request and/or funds transfer that is executed by Bank will be subject to rules and regulations applicable to fund transfers, including but not limited to record keeping and information transmittal requirements under the Federal Bank Secrecy Act, and/or the fund transfers provision of the applicable Uniform Commercial Code and/or the Office of Foreign Assets Control (OFAC).
